## Note:

- All measures are in mm
- All measures are nominal, due to the ceramic manufacturing processes.
- Deviation from nominal measures can be up to +/- 5 mm.
- The macerator pump/hoses is always fully enclosed in the toilet geometry with the only exception of short versions and Saninautico.
- Footprint only represents the geometry of the material in contact with the floor.
- Model is represented with thermosetting seat and cover.
- Make sure to have enough structural stiffness in the way of mechanical fasteners.
- For clarity reason macerator unit and hoses in section A-A are only outlined.
- This model must be installed on a raising step of min. 100 mm height
